

# Sponsorship Packages

Partner with us as a sponsor and connect with a growing community of clinicians of all levels of experience through the 2026 California Pathways to Practice Symposium on September 25 & 26.

This is a meaningful opportunity to highlight your agency, support the professional development of emerging clinicians, and build lasting, values-aligned connections. Sponsorship includes dedicated benefits such as brand visibility, direct engagement with attendees, and participation in sponsor-hosted networking opportunities.

Sponsor support also helps keep ticket prices accessible for students and emerging professionals. This year's event will be hosted in Antioch University's new space, with the opportunity to connect with up to 150 professionals. With both one- and two-day ticket options, sponsors can engage with different attendees across each day of the event.

---

A spacious exhibit hall for sponsors will be centrally located within the outdoor area and near the rooms designated for presentations, ensuring ample foot traffic. This prime location is ideal for sponsors as it maximizes visibility and engagement opportunities with attendees, enhancing brand awareness and potential for meaningful interactions.
